ALETHEA KOOS

Artist in Residence on the Totnes Art & Design Foundation Course culminates her year long placement with us in a final show

The Gallery at King Edward VI Community College is a stunning, light and generous space for exhibitions.

Our schedule throughout the year is rich and diverse and packed with interest. Exhibitions showcase the work of students, artists, arts groups and creative practitioners as well as local projects and community initiatives.

We aim to enrich learning and teaching for students at the school and to offer a programme that engages local people of all ages.

Please contact me for further information or sign up for electronic invitations to private views and exhibitions.
