

KING EDWARD VI COMMUNITY COLLEGE

WWII EVACUATION

World War II Evacuation activities with The Grove Primary School at KEVICC

The Grove experienced what it was like to be a child in WWII by exploring Rationing, Land Army, Dig for Victory and LDV – training for defence, after which they moved to the Bothy for ‘tea and buns’. KEVICC Challenge Pathways students helped during the afternoon.

children at war

It was a big surprise and really fun! I loved the Local Defence Volunteers training, the gardening and the quiz / bomb shelter.

It was absolutely amazing during WW2 day. Thank you.

Message to KEVICC staff from Derek Davies, Team Leader of History:

Year 4 from The Grove have fallen through a time portal and been evacuated to Kennicott in 1940.

To ensure the defence of Kennicott from any Nazi 5th columnists and possible invasion, they will be forming LDV (aka Home Guard) patrols. If challenged by members of the LDV, please identify yourself as a friend and present your 1940 Identity Card (I am sure you are all carrying them) to avoid being arrested as a spy.

It was so fun. I loved the ration rock cake and the gardening, but especially loved the Home Guard.

WW2 day was amazing. I really enjoyed all of the activities we did, and didn't want the day to end. It was epic! Best school day I have ever had! My favourite part was the guard training.
