In an expansive field of occupations, innumerable possibilities lay ahead. Some mundane, some extraordinary – a combination of fortuitous circumstances and the ability to apply yourself is the greatest chance you have of landing the job of your dreams. “Never put off till tomorrow what you can do today,” so said Thomas Jefferson. Time is not a commodity to be squandered. Yet you are not alone: running alongside you are billions of others, their eyes set on a future. What can you do to make yourself remarkable? This seems to be a question KEVICC students are actively striving to answer, visiting a variety of seminars and workshops to enhance their grasp of what careers they can best fulfil. Displaying a passion for prospective employment opportunities were the students attending the Big Bang Event at Bridgwater College and raising their aspirations in a similar fashion were the Year 8 students visiting the Flybe Training Academy. The formula for making yourself remarkable is simple: the ambitions of a progressive mind and motivation.

# KEVICC's Got Talent

## Sports Relief

The PE department want to thank all staff who took part in any of the Sport Relief challenges this year. Particular thanks go to Holly Russell who raised £80 by cycling all day whilst teaching her lessons and to Sarah Kehaya and Ed Matson for enthusiastically taking part in the sport relief mile. The total raised so far is £1,025. Next year is Comic Relief, get ready to do something funny for money!

## Ability Games

Our Learning Exchange students attended the Devon Ability Games, competing against other schools in the Aqua Splash and Table Cricket tournaments. Despite never having played table cricket before, the students soon mastered the game and came an impressive fourth place. One of the main highlights of the day was meeting Cassie Patten, the Beijing Olympic Bronze Medallist for the 10KM Open Water Swim.

The Learning Exchange, launched in 2011, is bringing together foundation learners from four establishments; KEVICC, Kingsbridge Community College, Dartmouth Academy and Bidwell Brook School.

## Sports Festival

On Wednesday March 26th 180 key stage 1 students came to KEVICC for a sports festival. The morning was run by KEVICC fantastic sports leadership students currently in year 10. The morning consisted of many different sporting activities including throwing, catching, jumping and even some dancing and sleeping lions! The students came from Broadhempston, South Brent, Totnes St John, Harbertonford, Berry Pomeroy and Landscope. Each school is part of the Totnes Learning Community Sports Partnership and they all get the opportunity to attend sporting events ran by the KEVICC PE team and it's leadership students throughout the year. This year KEVICC has hosted festivals and competitions for all its partnership primary students in Football, Gymnastics, Badminton, Netball and multi skills. All the primary students that took part had a great day and learnt lots of new skills to practice back in the playground at their schools. Well done to all those that took part and helped to run the event. Nicola Wright

## Ping Pong Wins!

The girls' under 16s Table Tennis team have had an amazing year after dominating the local and regional competitions. On Saturday 22 March, Jasmine Johns, Elsa Perry, Heather Swiss and Holly Johns travelled to Leicester with their coach Miss O'Neill to represent KEVICC and Devon in the English Schools Table Tennis Championships. All of the girls applied themselves in an impeccable manner, playing some fantastic Table Tennis and officiating games with great efficiency. Jasmine Johns is one to look out for in the future as she won all of her matches and helped the team to a fantastic 4th place finish. The girls were also invited to play a game against London 2012 competitor Darius Knight and show him what it takes to be the 4th best U16 girls table tennis team in the country.
