

A Fun Way to Spend Summer 2014! . . .

Memories of Summer School 2013

Clia Andrews (Year 7)

Last summer, Clia had just left St. John's Primary School and was somewhat apprehensive about the Autumn and moving on to KEVICC. All the Year 6s had a letter with a leaflet about the Summer School at KEVICC in it, and she and her friend decided they wanted to come. They came to both the Arts and the Sports Weeks and had a great time!

'It was a really good experience and lots of fun to be at KEVICC in the summer. I made new friends and got to know some of the teachers too.

The Arts Week was full of things I'd never done before - making puppets and masks with stuff called modroc which was amazing.

There were lots of children there, so it was quite noisy and busy but I learned all sorts of new things.

The drumming day was loud too, but an exciting kind of loud. I used lots of different sort of drums, counting rhythms.

The dance was all about colour and different sorts of personalities, with other things from science that made it really interesting. I'd never done dance before so I enjoyed that.

Drama was all about War Horse and I'd never done acting in a large group before so that was new to me, especially using the Theatre. We learned how to be dead.

The best bit of Sports Week was the massive bike ride at Haldon Forest. I'd never been there before and it was a great day out. We did all sorts of sports, including ones I'd never tried before - archery; golf; mini-tennis. There were tons of people who all enjoyed it and I liked the staff.

It's good at KEVICC and it was much better because I'd been here in the summer. I'm enjoying it here - and my friend and I go to the archery club after school because I enjoyed that so much!
