Metropolitan Museum of Art

Jersey Boys on Broadway

Time Square

5th Avenue

Central Park

. . . so iconic and majestic in its urban stature which just became more and more impressive the closer we got . . .we were in NEW YORK!!
Jo Crook, Head of Performing Arts

KEVICC students, from Years 11,12 & 13, travelled to New York on an art and drama trip.

The students were a credit to KEVICC. The environment they were in was exciting but also slightly daunting, and yet they were determined not only to enjoy themselves, but also to get as much as they could out of the trip.

The impact on the work of the art and photography students has been huge. It will enhance their work and thinking for some time to come.

Tim Wightman, Head of Art

New York, New York . . . what a wonderful town!
