

SUMMER SCHOOL 2015!

Week 1
Art, Drama
Dance, Music

Week 2
Sport & Team
Building

The KEVICC Summer School Arts Week had an environmental theme this year. Children from Years 5, 6 and 7 made shadow-puppets to enact Michael Foreman's story *Dinosaurs and all that Rubbish*.

Dance Day used science to look discover how to make our planet Green, Safe and Clean. Drama children used their English skills to dramatize local poet Matt Harvey's collection *The Element in the Room*. Costumes were made from bin bags and other recycled materials.

Music Day explored Maths in Music with rhythm - and then used poems from Matt's collection to inspire music-making, using junk band instruments.

The four days culminated in a Performance Showcase for family and friends.

The KEVICC Summer School Sport Week was action-packed and saw the young students take on some breath-taking challenges. From KEVICC where they developed skills in Basketball, Badminton and Rock-it-ball, the group went to Marjon University College, Plymouth, where they used the Olympic standard facilities. Another day saw students coastering into the water at Adrenalin Quarry, in Liskeard. Mountain Biking in Haldon Forest offered a great day before students returned to KEVICC for a final exciting Rounders competition.

The week was exceptional and we look forward to doing it again next summer!

KING EDWARD VI COMMUNITY COLLEGE

www.kingedwardvi.devon.sch.uk

King Edward VI Community College is a Co-operative Trust School

I especially liked making new friends and the choice of workshops.
Student

We felt the sports week definitely helped our son in the transition to KEVICC.
Parent

I learned lots of new things during the sports week - how to play the sports games properly, and the rules for rounders..
Student

The nicest part was everyone received a little certificate for every day, I thought that was a lovely touch.
