

# Charity begins with KEVICC Students

**Martha Harris Davey**  
Year 13  
The Editor

Well, it's official. The stash of woolly jumpers has been unearthed and the central heating is being cranked up a few notches... welcome to winter everyone! Despite the depressingly short days and the abundance of rain, the spirit of the KEVICC community is still going strong. There are many exciting events on the horizon in the run up to Christmas, and anticipation is rising for the upcoming performance of Les Misérables in February. Especially looking at the huge success of the KEVICC fireworks, and the £1,060 raised for Children in Need last month, autumn has certainly been a prosperous time for the College.

But, through November, I have been really struck for the first time by how unbelievably lucky we all are to live in this fantastic community. Looking at the appalling terror attacks, not only in Paris, but also Beirut, Baghdad, Kano, all over Syria, and many more, it's easy to ignore these shocking issues when they feel so out of reach, but we must remember how, ultimately, we are all united as human beings. So many innocent people like you and me are being killed and I question why this does not affect us in the same way as if it were going on in the UK, or even Europe. Of course we all feel extreme sadness, but we often do not see these events publicised in the media, and are not aware of the extremity of the violence taking place. Why should we feel any less alarmed because it is happening a few thousand miles away and not around the corner? There are still fellow human beings being killed, and even though we are safe in the beautiful bubble that is Totnes, there is absolutely no excuse for this.

Produced by the Press Team

An amazing £1,060 has been raised (with more to come) for **Children in Need**, with a variety of events supported by staff and students ranging from year 10s making and selling cakes to a Dance in Action showcase with Year 12 Dance students. Tommy Hodgkins, Ryoji Hope and Milo Maguire thrilled their audience with their performances of Break Dance; Hip Hop and Popping at lunchtime.

**KEVICC is on Fire** It was a dry and partly starry evening of fireworks with bonfire, warm coffee, burgers, soup, toffee apples, fire juggling and music. Over 1,000 people turned out for the event and altogether the Parents' Association raised – as it stands – just over £1000: a real achievement!

◀ Year 13 Art student, Layan Haman, placed some Bronze-age inspired pottery in the heart of the Bonfire. Layan has been exploring an ancient ceramic practice as part of his studies.

## Big Draw

A public exhibition at KEVICC included work by KEVICC students, in collaboration with local primary schools; The Grove, Marlton and Diptford. The theme was *Movement* and included a number of projected animations, sculptures, paintings, murals, 'sound' sketches, collages and a particularly strong collaborative 'growing drawing' that evolved over the fortnight. Year 12 Dance students performed 'Colours' with a variety of poster paints, 'drawing' with their bodies Yves Klein style!

Tim Wightman, Team Leader of Art

## Year 7 Fuuuun!

Yikes! Seven weeks into KEVICC and off on a residential already! I packed my suitcase with: warm coat – check; waterproofs – check (a good weather forecast was not on our side). Three days of pure excitement, fun, laughter and new friendships; not to mention being drenched! I would go again! I had the time of my life!

## ... a rich creative future

*"By being shown around Wimbledon College of Art, we had a glimpse of the reality of what the future might hold for us all."*  
Student

The London residential is an important event in the one year Art Foundation calendar.

A London project, based on first-hand research and experience in galleries and beyond, is set and students are asked to develop a body of work as part of their

on-going Diploma-based assessment. However, one of our primary reasons, is to view the huge range of art and crafts on display in London galleries, as well as visiting Colleges of Art and Design in the city which offer a range of degree courses.
