Alan Salt
Principal

23rd June 2020

Dear Parents and Carers,

You will be aware that, as a part of your child's educational experience at King Edward VI Community College, we aim to promote personal wellbeing and development through a taught programme of Personal, Social, Health and Economic (PSHE) education. The aim of our curriculum is to give children the knowledge, understanding, attitudes and practical skills to live healthy, safe, productive and fulfilled lives, both now and in the future.

From the summer term of 2021, the Department for Education is making Relationships and Health Education compulsory in all schools.

What does the new guidance mean?

The new guidance focuses on healthy relationships and keeping children safe in the modern world. It also covers a wide range of topics relating to physical and mental health, wellbeing, safeguarding and healthy relationships. Learning about the emotional, social and physical aspects of growing up, will give children and young people the information, skills and positive values to have safe, fulfilling relationships and will help them take responsibility for their own well-being.

As with all statutory subjects, there is no right to withdraw from Relationships Education or Health Education or any content from the Science curriculum. This means that pupils cannot be withdrawn from lessons on the Changing Adolescent Body. Parents have the right to request that their child be withdrawn from some or all of the Sex Education following discussions with the Deputy Head Teacher.

How will this be delivered?

This guidance will form part of our school's PSHE education programme which is taught throughout the school in every year group and is monitored and reviewed regularly. All teaching in PSHE will take place in a safe learning environment and be underpinned by our school's vision and values. A variety of opportunities will be provided for pupils to ask questions to further their understanding and to find out more about what affects them personally.

Suggestions and questions

It is important that there is an open conversation between parents and school to ensure that the children are given the best PSHE and RSE provision possible.

We would like to gain views and opinions from you to inform how the school's Relationship and Sex Education Curriculum will be taught. We encourage any feedback and suggestions which could be reflected in our policy, as well as any questions that you, as parents, may have about

the new guidance or coverage. Please use this questionnaire form to provide feedback once you have read through our proposed policy and curriculum mapping document. This questionnaire will be closed at the end of term: 17th July 2020.
