## Introducing our outstanding Year 7

This term we have welcomed our brilliant new Year 7 students into the college. We have been so impressed by their **politeness**, their **kindness** and their **engagement** in classes. We caught up with a number of our Year 7 students personally and spoke to them about their start with us at KEVICC. We spoke about making friends, feeling at home, their teachers, learning in class and of course homework! Here's some of their reflections...

I'm loving it here and am very happy. I moved from a primary in London over the summer but have found it easy to make friends. The first person I sat next to in class has become a good friend already. We often spend lunch times in the library, reading books and hanging out. The subjects I am enjoying the most are science, geography and English, which were my least favourite subjects in primary actually!

**Joseph, Year 7 student**

I came from St John's Baptist in Dartmouth. I haven't found the start at KEVICC nerve-racking at all. I travel in everyday but don't mind that. The teachers at KEVICC **really comfort you**. It has been easy to make friends as we are all in it together. I have made loads of friends already! I am really glad I came here, I definitely chose the right school!

**Evie Grace, Year 7 student**

# A wonderful start back

I have been chatting to a large number of parents on the gate whose children started with you this year in Year 7 and they have been singing the praises of the school and your staff. Considering the challenges this year that you have faced, it is amazing how settled you and your team have made the children feel. Thought I would pass on a bit of loveliness.

**Charlotte Huish, Head of Dartington Primary**

I came from the Grove in Totnes. I have really enjoyed PE, English and maths since starting at KEVICC. I am getting loads of homework which is challenging me more than at primary, which I like. My teachers are all really nice. I am glad I came to this school.

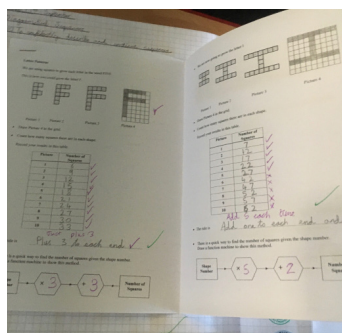

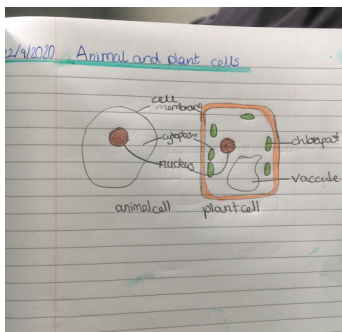

**Hugo, Year 7 student**

I love it here! I came from Stoke Gabriel Primary with a few friends, but the year group and tutor are so full of nice people. I've met loads of new friends already. The teachers are really nice. My favourite subject so far is PE.

**Betty, Year 7 student**

Whilst this has not been a usual start of term in many ways, it has been a very rewarding one. Meeting and welcoming our new Year 7 community into the college has been a real highlight. Spending time walking around the Year 7 bubble and going into a huge number of their classes, I have been impressed by their attitude to learning and care for each other. The photos opposite are just a snapshot of some of the high quality work I have seen during my lesson rounds. Countless staff have commented to me and my leadership team how impressed they are with our new year group. Thank you for all your hard work Year 7 and for the support you have provided as parents and carers to help them accustom to life at secondary school.

**Alan Salt, Principal**
