

# A-level SCIENCES

READING/FREEBIES – if you have Kindle or Amazon Kindle app.

CGP have put their three science transition books (normally £6) (Head Start to A-level Chemistry, Biology, Physics) are all free on Amazon for Kindle. You don't need a Kindle to read them- you can download a Kindle app for your phone/tablet. You will need a Kindle/Amazon account (free to set up) though.

If you want to get a sense of place- how science has evolved and the characters in that history... there is a great book to read (it's funny too!)

A Short History of Nearly Everything by Bill Bryson - find ourself a copy on an auction site or second hand bookshop... they go for almost nothing. It's over 20 years old now but history... is history.
