

Attendance Addendum 2021/22

Pupils who are required to self-isolate as they have symptoms or confirmed COVID-19

Pupils who have symptoms of COVID-19, or have had a positive lateral flow device (LFD) test, should self-isolate and get a confirmatory polymerase chain reaction (PCR) test.

If a pupil tests negative and if they feel well, they can stop self-isolating and return to school. If the pupil remains unwell following the test (such as with a different illness), then they should be recorded as code I (illness). Code X should only be used up until the time of the negative test result. Schools should not retrospectively change the attendance register due to a negative test result.

If a pupil tests positive, they should continue to self-isolate in line with public health guidance. Code X should be used for the period of self-isolation until the test. After the pupil tests positive, they should be recorded as code I (illness) until they are able to return to school.

Pupils who are a close contact of someone who has symptoms or confirmed COVID-19

Pupils who are a close contact of someone who has tested positive for COVID-19 do not need to self-isolate. They should instead get a PCR test, and should only self-isolate if they test positive. If they do test positive, they should be recorded as code I (illness) until they are able to return to school.

Pupils who are required by legislation to self-isolate as part of a period of quarantine

As usual, parents should plan their holidays within school breaks and avoid seeking permission to take their children out of school during term time. Families should also consider that their child may need to self-isolate following trips overseas that require a period of quarantine. If a pupil is required to be in quarantine on arrival in, or return to, the UK, the school should use code X in the register.

Pupils who are self-isolating but who have not had a PCR test

In line with public health advice, pupils with symptoms must self-isolate and schools should strongly encourage pupils to take a PCR test. Where the pupil is unable to take a PCR test, the school should record the pupil as code X in the register.

Schools should follow up with families if they are not satisfied with the reason as to why the pupil is not in school. Schools can request supporting evidence from the family. Where the school is not satisfied with the reason given for absence, they may record this using one of the unauthorised absence codes, in line with the [school attendance: guidance for schools](#).

Remote education

If a pupil is not attending school because their attendance would be contrary to government guidance or legislation around COVID-19, we expect schools to offer them access to remote education. Schools should keep a record of, and monitor engagement with, this activity, but this does not need to be tracked in the attendance register.
